SCENE AT SENATORIAL COMMITTEE'S HEARING TODAY ON THE RAPID TRANSIT QUESTION

The photograph was taken this afternoon in the chambers of Common Council. In the foreground John P. Connelly, chairman of Councils' Finance Legislative Committee, is addressing Chairman Edwin H. Vare, who is fourth from the left in the central row of seven State Senators. At the left end of this row is Senator McNichol, sitting next to Senator Patton. Occupying chair: at the end of this row are Director A. Merrit Taylor, with thumbs in armholes, and Director G. W. Norris, who is writing on a pad in his lap. Others who may be noted are W. Clayton H ackett, E. E. Beidleman, Charles J. Magee, H. M. Kephart, Marshall Phipps, Richard V. Farley, Augustus F. Dix, Jr., and Horace W. Schutz. Seated at the president's desk are W. W. Smith, Owen B. Jenkins and Clarence Buckman.

GERMANS EVACUATE **INSTERBURG IN PRUSSIA**

Battle on 50-Mile Front Centres at Lasdehnen.

PETROGRAD, Feb. 11. Dispatches received here from Berlin say it is rumored there that the Germans have evacuated Insterberg, East Prussia, and that the inhabitants are fleeing in panic before the Russians.

Insterberg is an important town of about 33,000 population, 35 miles from the Russian frontier. It is less than 69 miles from Koenigsberg. Germans and Russians are locked in

Germans and Russians are locked in battle over a front of 50 miles stretching southward from the Meme! River.

The heaviest fighting is now in the district about Lasdahnen. This town is now held by the Russians, but the German front is in the form of a half circle, west of Lasdahnen. On the piain between the Memel and the Schuippet the Germans have dur sine rows of trenches that can be taken by assault only with heavy losses.

45,000 STORM TABERNACLE FOR FAMOUS SERMON

Sunday's Topic, "Amusements," Draws Record Crowd—"Billy" Preaches a "Double Header."

More than 40,000 persons, anxious to be among the first to hear "Billy" Sunday deliver his famous sermon on "Amusements" in Philadelphia, stormed the tabernacle between noon and 1 o'clock today and confronted the noted evangelist with a task which only one of rare vital-ity and quick judgment could accomplish. Scenes of excitement seldom before witnessed in this city were being enacted outside the big wooden temple as men and women clamored for admission, al-though every seat in the place was occuthough every seat in the place was occupied and hundreds of persons stood. Police were being sent to the tabernacle posthaste when Sunday, after leaving the home of Mr. and Mrs. E. T. Stotesbury, where he had addressed 200 society folk, heard of the outpouring of Philadelphians. Forty-four persons, mostly women. fainted in the crush. They were treated in the tabernacle hospital. He had a glass of milk for luncheon. "I'll see you later," he said to callers, and in a few minutes was on his way to fine tabernacle.

The tabernacle.
"Keep this crowd back and say I'll "Keep this crowd back and say I'll preach now and deliver the same sermon at the scheduled time." he informed police captains in charge of arrangements. This sentiment pleased those on the streets surrounding the tabernacle and order was easily maintained. "Billy" then carried out his plan of playing a "double-header."

The evangelist in whichwind and a

"double-header."

The evangelist in whiriwind style de-nounced gambling, dancing, bridge whist, theatre and euchre parties, the theatres themselves, as well as many of the so-called modern amusements, which he said were only breeders of evil and sin and which were sure signs of the road that

which were sure signs of the road that led to hell.

The evangelist was especially firm in his denunciation of the modern dances, "Dancing," he said, "is nothing more than a hugging match done to music. I would like to see the color of some buck that can dance with my wife."

"If you want to dance, first get a divorce from Jesus and then go to it if you like. Take the devil along with you as a partner and he'll take you to hell."

The evangelist characterized gambling as one of the current evils in society today. "The Bible and cards don't shuffle together." he said. "So throw out either together," he said. "So throw out either one or the other. But every one knows that the deck of cards should go to the ash heap. I am giad to say that I have not played cards for more than 30 years."

Vare Urges Immediate Action on Transit and Election in April

State Senator Edwin H. Vare, in an official statement, indorses the Taylor transit plan today.

He advises immediate action by the Finance Committee of Councils to report favorably the \$30,000,000 transit loan election measure.

He wants Councils to pass these bills calling for a special election. He wants this election to be held in April. Senator Vare's statement follows:

"Last night, at a meeting of my friends in the Finance Committee of Councils, as well as my friends in the Senate from this city, it was agreed that the best way to clear up this situation would be to pass immediately the \$30,000,000 transit loan, give Director Taylor about \$8,000,000, which would be all he could properly spend this year, and then go to Harrisburg and pass the amendment, which would give about \$60,000,000 more for transit and port projects. This \$60,000,000 could also be used immediately after the election this fall, when approved by the voters.

"The balance of the \$30,000,000 loan, which is \$22,000,000, and other available moneys on hand at present, as well as the \$8,000,000 or \$10,000,000 each year that could be borrowed on the present 7 per cent. basis and used for other permanent municipal improvements, would come very near meeting

later if Councils found any parts of the Taylor plans were not advisable they need not be approved, and the money for those not approved need not be borrowed.

this will be our stand.

Committee, so as to have the election as early as possible in April." Senator McNichel was immediately shown the statement issued by Senator Vare. He was asked whether he would announce that he also would favor an April election. He declined absolutely to make any comment upon the Vare statement or to define his position.

GANG ORDERED FROM COURT

Tenderloin Habitues Too Much Interested in Accused Assailant's Case. A stir was caused at the hearing of Jacob ("Reddy Jake") Melincoff, the Renshaw's Court teday when, upon the application of Charles Edwin Fox, Assistant District Attorney, the Magistrate ordered 25 tenderloin characters from the courtroom. Mr. Fox declared that these men and others have followed him for three days, ever since the affairs of Melincoff, now under parole, have taken

a new turn. Melificoff was held in \$800 ball for court on a charge of assaulting and stabbing "Young Jack" Hanlon on the night of Norember 29, 1914. The hearing followed the vember 29, 1914. The hearing followed the action of Judge Barratt earlier in the day of refusing to sentence Melincoff as a parole violator, he holding that the stipulation banishing the gang leader from the city is illegal. The hearing was interrupted frequently by wrangling between the attorneys and the objection of Senator Samuel Salus, Melincoff's lawyer, to Hanlon giving testimony. Hanlon caused a surprise when he repudiated the affidavit he had signed in the District Attorneys' office yesterday to the effect that Melnicoff stabbed him. He said today that he did not know what he was signing.

"The Taylor plan will, in the end, have to be approved by Councils, and

"After all, the entire plan, or any part of the plan, is up to Councils

to approve, reject or change. Unless there is a better proposition made, "Under these conditions, I shall urge an early meeting of the Finance

BRIBE TAKING LAID TO COP

Witness Says Special Officer Accepted \$300 Vice Money. A special policeman of the 12th and Pine atreets station was accused of accepting Tenderloin gang leader, in Magistrate \$200 to permit the reopening of a disorderly house at 400 South 9th street he previously had raided, before the Police Board of Inquory today.

The policeman is David McBeth. He and Martin S. Lyford, the other special

officer of the 19th District, were brought before the board on charges of false arrest made by Samuel Merino, a tailor, arrest made by Samuel Sterino, a tailor, of \$20 Dixon street.

Michael Pennalla, of 727 Christian street, a witness for Merino, caused a sensation by declaring McBeth had repeatedly sent him to Merino with offers of money to drop the false arrest case. He then declared he had paid money to

the special policeman to reopen the Three instances were cited by Pennalla. Three instances were cited by Pennala, in the first of which he said he paid Mc-Beth \$200, and in the second \$100. He did not name the sum paid the third time, but declared the arrangements were made in the saloon of Victor Hamilton, a Washington party leader, in Lombard street, and in the presence of

Hamilton.

The case was continued because a woman named Bose Persons, wanted as a material witness, was not present today.

Hatboro Chocolate Works Burned HATBORO. Pa., Feb. II.—The American Chocolate Company's mills at Fulmor station, a half mile south of Hatboro on the New Hope division of the Reading Railway, were destroyed by fire Reading Railway, were destroyed by fire at 1 o'clock this morning. The origin than not been learned, but the fixines are unitared to have started from an overhanded store. The loss is \$2.00, parily covered by illustrators, according to Eimer R. Strede, the transurer, who lives as 5000 North Broad street.

M'NICHOL YIELDS APRIL TRANSIT VOTE. THREATENING SUIT

Charles Seger, at Public Hearing of Senate Committee, Agrees to Hold Early Meeting of Councils' Finance Committee and Act Favorably on Bill.

Obstructionists' Chief Fight is Made in Attempt to Divert Increased Borrowing Capacity to Municipal Improvements Other Than Transit and Port.

Confusing complications in the rapid transit situation came late this afternoon in the hearing before the State Senate Committee on Municipal Director Taylor, prior to Senator Mechanics of the Committee of Committee on Municipal Director Taylor, prior to Senator Mechanics of Committee of Co Affairs in City Hall. They

TRANSIT Churles Seger, chairman of Councils' sub-Commit-tee on Finance, promises PLAN that the ordinance proriding for the special election to vote on the transit loan would be reported favorably to the next meeting of Coun-

This would insure an April election and an actual start on trausit construction this summer.

Senator McNichol threatened to test in the State Supreme Court the constitutionality of the act allowing the city to borrow on the personal property assessment, upon which the proposed transit loan, to be voted upon at a spe-

cial election, was to be based. Director Norris replied to the suggestion of Senator McNichol to test the constitutionality of the personal property act by declaring that the Supreme Court in 1913 had approved the large municipal loan largely on the greater borrowing capacity allowed by increased personal property assessments. Director Norris read the following from

the decision of the Supreme Court "Our reason for now passing on this question is that it is sure to arise again in the near future"
Senator McNichol, however, still insisted that the Supreme Court should
again pass upon the matter.

CITES JOHNSON'S OPINION.

Mr. Norris further said: 'No lawyer in Philadelphia will say there is anything questionable in this act, and, furthermore, the people will know that a hill introduced to question this act is introduced for no other pur-

this act is introduced for no other purpose than delay."

Here the andience in the Council chamber broke out into toud applause.

McNichol then asked Norris if he had obtained an opinion from John G. Johnson. Norris replied in the contrary, and McNichol then said

"Well, we have heard from him so circus a statement that the committee is inclined to consider whether this not is constitutional."

David H. Laor, Republican City Chaleman, desenaced the Treater as a

Nichol's threat, voluntarily agreed to nak for \$6,000,000, tustend of \$30,000,-000 at the special election, provided he was given assurance that the pending amendment to the State Constitution providing for increasing the city's bor-rowing capacity from 7 to 19 per cent, be not amended so that the money might be used for purposes other than transit and port.
John P. Connelly chairman of Coun-

cils Finance Committee, attempted to shift the responsibility from his own shoulders and those of the Organisation for holding the special election ordinances in "pickie" since January 7. Connelly said that the Taylor transit plan would be on a paying basis after a term of years.

Seger said that Council's Pinance Committee would meet either Monday of next week to consider the ordinances providing for a special sletton to authorize the 12000.65 Fanalage.

Seger said the Finance Committee would report the ordinances favorably at the next regular meeting of Councils, Thursday, February 18.

CONNELLY TRIES TO SHIFT BLAME. That he was responsible for the long period of delay and inaction on the part of Councils' Finance Committee was wigorously denled by Chairman Connelly, who shifted the bisms for the delay upon

who shifted the bishes for the deal, upon the City Controller in reporting the status of the municipality's finances.

While the concrete question before the Sanate committee was consideration of the proposal to amend the pending amend-ment to the Shate Constitution so they the funds according to the city from in-creasing the horrowing respectly from a to 19 per cent, could be applied to projects other than transit and nort development.
